JUBILEE SAILING TRUST

Changing Lives Charity Gala Reception

The Jubilee Sailing Trust

The Jubilee Sailing Trust is unique. Established in 1978, our aim is to promote the integration of people (aged 16+) of all physical abilities through the challenge and adventure of tall ship sailing.

SV TENACIOUS UNDER FULL SAIL

STS Lord Nelson and SV Tenacious

Our magnificent ships are the only vessels purposely designed and built to enable people of all physical abilities to sail on equal terms.

Changing lives

Everyone who sails with us does so as a member of the ship's crew. Each person's unique skills are harnessed so that with teamwork and understanding we prove that everyone can meet the greatest of challenges. Quite simply – we change people's lives!

"...a turning point in my life and gave me the confidence to make plans for a future I thought I had lost."

Don Harding – Sailor

To continue its invaluable work, the Trust needs to raise over £1.4 million each year. Whatever the size of your company, teaming-up with the Jubilee Sailing Trust offers you an exceptional opportunity to become involved and fulfill your diversity aims. We invite you to join us at this high profile fundraising gala evening in association with The Royal Society of Marine Artists.

The Royal Society of Marine Artists

Founded in 1939 as the Society of Marine Artists, the RSMA is widely recognised as the focal point for much of Britain's finest marine art. The common theme is the sea and tidal waters, and the work is representational in the broadest sense. It covers painting, drawing, print and sculpture. A number of members specialise in historical painting where the related research takes considerably longer than the painting itself.

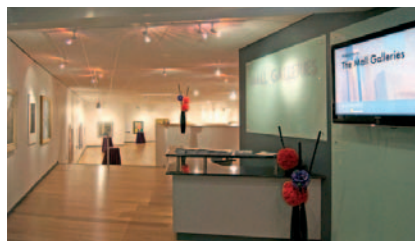

The society has many links with the maritime world, including the National Maritime Museum, the Royal Navy, the RNLI, the shipping industry, publishing, sailing and sail training interests. As a registered charity it is committed to promoting marine art of the highest quality.
